Preface

The Tanzania Commission for Universities (TCU) through its mandate as spelt out in the Universities Act, Cap. 346 of the Laws of Tanzania coordinates admissions of Bachelor students in Higher Education Institutions (HEIs) in the country. To facilitate the process, TCU prepares Admission Guidebooks annually to guide the prospective applicants on admission procedures, available programmes, and institutions approved to admit applicants in a particular academic year.

This Guidebook is meant to provide the applicants with basic information related to the programmes approved by TCU or NACTVET to admit applicants in the 2025/2026 admission cycle, their institutions, locations, programmes entry requirements, capacities, and durations. This Guidebook also provides fresh insight to those already associated with higher education within and outside Tanzania.

As a matter of procedures, applications for admissions are submitted directly to respective institutions through online admission systems obtained from institutions' websites. Applicants are strongly advised to carefully read and understand procedures and entry requirements before lodging their applications. The selection process is based on the minimum programme entry qualifications and other requirements of each institution, including competitions and admission capacity. The decision on admission of applicants is made by the individual institutions through their Senates or Governing Boards. For further inquiries, prospective applicants and the general public are advised to contact respective institutions through the contact addresses provided in their websites.

1.6 Quality Assurance Fee

TCU is required under the provisions of section 5 (1) (b) of The Universities Act, Cap. 346 of the Laws of Tanzania to audit, on a regular basis, the quality assurance mechanisms of universities. The audit process includes among others; carrying out evaluation, assessment and monitoring of university institutions on a continuous basis, preparing and revising guidelines for quality assurance and other related matters, for the purposes of monitoring and regulating general management and performance of universities.

To facilitate this process, the Commission has been dully mandated under the provisions of section 16 of The Universities Act, Cap. 346 of the Laws of Tanzania, as amended, to charge and collect quality assurance fees. In view of this mandate, the Commission at its 64th Meeting held on 3rd July, 2014 approved Tshs. 20,000/= being quality assurance fee which has to be paid by every student enrolled to a university institution regardless of the programme of study. The legal provisions thus obligate all university institutions to collect and remit annually to the Commission the prescribed quality assurance fee for every student in the university's nominal roll. Programmes approved to admit students in the 2024/2025 admission cycle and their requirements are presented from page 16 onwards.
